

Before the Board of Zoning Adjustment, D. C.

PUBLIC HEARING -- July 19, 1972

Application No. 11118 DuPont Circle Associates, appellant

THE ZONING ADMINISTRATOR OF THE DISTRICT OF COLUMBIA, appellee

On motion duly made, seconded and unanimously carried, the following Order of the Board was entered at the meeting of July 25, 1972.

EFFECTIVE DATE OF ORDER -- November 14, 1972

ORDERED:

That the application for permission to continue auto parking lot at 2125 O Street, N.W., lot 822, Square 68 for a period of five (5) years be **CONDITIONALLY GRANTED**.

FINDINGS OF FACT:

1. The subject property is located in an R-5-B District.
2. Appellant requests permission to continue operation of a parking lot which has been in conformity with previously issued B.Z.A. Orders granting the establishment of this parking lot.
3. Appellant shall charge an hourly rate along with some monthly contracts.
4. The Department of Highways and Traffic offered no objection to the granting of this parking lot for five years as requested.
5. The parking lot was recently screened and coping added in conformity with Board of Zoning Adjustment requests.
6. There was no opposition registered at the public hearing as to the granting of this application.

OPINION:

We find that the continued use of this parking lot as a commercial lot with hourly and contract operation is in the interest of the general public and hereby grant this parking lot for a period of five years subject to the continued good operation of this parking lot as has been shown in the past.

We are of the opinion that the continuance of this parking lot will not create any dangerous or otherwise objectionable traffic conditions. The present character and future development of the neighborhood will not be adversely affected. The lot is reasonably necessary and convenient to other uses in the vicinity.

This Order shall be subject to the following conditions:

a. Permit shall issue for a period of five (5) years but shall be subject to renewal in the discretion of the Board upon the filing of a new appeal in the manner prescribed by the Zoning Regulations.

b. All areas devoted to driveways, access lanes, and parking areas shall be maintained with a paving of material forming an all-weather impervious surface.

c. An eight (8) inch coping shall be erected and maintained along each side of all driveways to protect the public space.

d. Bumper stops shall be erected and maintained for the protection of all adjoining buildings.

e. No vehicle or any part thereof shall be permitted to project over any lot or building line or on or over the public space.

f. All parts of the lot shall be kept free of refuse or debris and shall be paved or landscaped. Landscaping shall be maintained in a healthy growing condition and in a neat and orderly appearance.

g. No other use shall be conducted from or upon the premises and no structure other than an attendant's shelter shall be erected or used upon the premises unless such use or structure is otherwise permitted in the zoning district in which the parking lot is located.

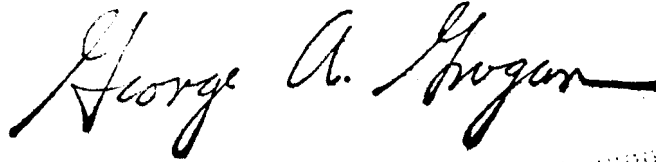

h. Any lighting used to illuminate the parking lot or its accessory building shall be so arranged that all direct rays of such lighting are confined to the surface of the parking lot.

The Board reserves the right to direct revocation of the occupancy permit upon a proper showing that any terms or conditions of this Order have been violated.
